

Celebrate Earth Day at Bridge Street

From staff reports

Bridge Street Town Centre and Earth Fare Supermarket are teaming up today to promote a green community for Earth Day.

The event is from 3-8 p.m. and free activities and events for kids and adults will be located throughout, including a sneak peek at the upcoming Farmer's Market and live music from local artists. Lexus of Huntsville will have hybrid models on display and Huntsville's Green Team also will be on site to show how to keep Huntsville beautiful and eco-friendly.

Here's a schedule of events:

3-8 p.m.: There will be four Earth Day

activity areas for kids to make eco-friendly arts and crafts, have healthy snacks, learn about conservation, practice good health and even plant their own flowers and crops. After each activity, kids will receive a sticker, and if they visit all four areas, receive a special prize.

4-6 p.m.: Huntsville Green Team will be in the Piazza del Lago Food Court. Kids can come out to see Seymour Green, take part in sidewalk art and register to win prizes when they sign a pledge to do their part this Earth Day.

4-9 p.m.: Earth Day concert with live music from local artists in the Piazza del Lago Food Court
